DEDICATION

The Senior Class of 1952 would like to thank Mrs. Grace Dickerson for her assistance and advice in designing the cover of this book. These few words of appreciation can not repay Mrs. Dickerson for her time and supplies which she so generously gave.

The class is indebted also to Margie Ford for original designs not only within the book but also the attractive cover design.

PROPHECY

It is now 20 years since the class of 1952 graduated and I think it would be a good idea to look into their social life.

I see Betty Lou Allen, or that is Betty Lou Hartman. She's married now to Norbert Hartman and they have two fine boys. One is six years old and the other is twelve years old. The youngest one resembles his mother, although he is a boy, with black hair and broad smile. The oldest takes after his father in his basketball techniques.

Mrs. and Mr. Holderman, formally Margie Ford and Alva Holderman, are heads of a large dairy plant located near the Pure Sealed Dairy, on the Bass Road. The two dairies are running competition with each other and neither is making too much money. Alva thinks perhaps he should find a different location for his dairy plant.

Howard Felger is out in the field plowing corn. He operates his father's farm now and he now owns 300 acres instead of the 100 his father had during his high school days. Holsteins seem to be his favorite breed of milk cows, or at any rate, he owns 30.

Going on a little farther in my brand new Lincoln automobile I come to Fort Wayne. I need to draw some money out of the bank so I park and head for the bank. Much to my surprise I find that Robert Campbell bought the Lincoln National bank. His father was a banker so Robert, as soon as he had enough capital from his sheep, bought a bank.

James Fry still loves Studebaker automobiles. When school was over he went to town and got himself a job. He now tests how fast the Studebaker will go and how long it will hold out before it is a complete wreck. He has only wrecked an average of six per year.

Shortly after school was over, Bob Hartz married a cute little "dish" with blond hair and blue eyes. Bob sure knew how to pick them. Because of his keen eyes for women he is a judge for a beauty contest at Churubusco to see who is to be crowned "Miss Turtle."

PROPHECY

While James Eastman was still in his senior year of high school, he wrecked his Hudson. I guess he doesn't mind wrecking cars because now he is a Hot Rod driver at all the race tracks and he wrecks quite a few. His special hot-rod is the souped-up Hudson Hornet.

When Kenneth Schofer graduated he was drafted shortly after to fight the war in Korea. He's out now without a scratch and is working in town at the General Electric Company. He hopes to make enough money to start up a farm business of his own and raise Hampshire hogs, about 3,000 chickens, and short horn beef cattle.

Virginia Coleman, who is head librarian in the Library of Congress, is the first woman candidate for the office in high school was president and general chairman in charge of anything that needed to be done.

Barbara Corbat upon graduating from Arcola High School has a position at General Electric in a director's office. As a hobby she crochets and knits and her ability has led to the title of Champion Knitter and Crocheter of Allen County.

Myra Gifford, after her high school days at A.H.S., has become a renowned speaker through out the world. Between speaking tours Myra is manager of the concessions for the Zellner Piston fastball and basketball games.

Dorothy Andrew, as you recall, was one of the leading players in the Arcola Band. Now she has joined the San Francisco Philharmonic Orchestra and is first clarinetist for the organization.

Alice Linton is editor of the Chicago Tribune with her husband, Dick as "cub" reporter. You must know that they have quite a thriving business if you remember the ability Alice presented as Head Reporter for the Senior paper "What's up".

PROPHECY

Mary Koonz, upon receiving her degree in science at Bryn Mawr College, was immediately employed by Albert Einstein as chief assistant in his experiments with atomic energy.

Gloria Burke, who studied Interior Decorating in college is now teaching at a private school in Florida. In her spare time she watches dog and horse races at Hialeah Race Track.

Aileen Thiele is Secretary to the owner of the Waldorf Astoria in New York City. The proprietor of course is James Eastman a former classmate at dear A.H.S.

Beatrice Nitz is a wonderful cook, knitter and crocheter from her practice on the school bus way back in her high school days. She knits for her husband, Floyd, and the kids. Beatrice is also an authority on economic situations resulting from her course in economics in high school.

Sophia Redwanski, last but certainly not , is a Physical Education teacher for a girls school in Colorado instructing in mostly calisthenics. Off hours she is Chief Chef in a big restaurant making Valentine cookies and health foods for her pupils.

Karl Schaefer raises prize beef cattle and has lots of fine trophies and ribbons to prove it. He has 100 head of black angus beef cattle weighing around 1500 lbs. Karl says they are about ready to sell and that he has some fattening beef at another farm. Karl owns 580 acres, 5 tractors and all the necessary equipment for fine crops for feed for the angus cattle.

PROPHECY

Donald Gobie has a work shop for auto repairing. He overhauls all makes of cars and does a fine job and his work is guaranteed to be done right. Don says he is planning to have a bigger garage because he can't find room for all the cars. He is working on a special Hot Rod, as a hobby, to enter in races.

Marvin Hitzmann bought a large farm and it is operated by tenanth farmers. Marvin does all the figuring on the amount of fertilizers he wants used on his fields and the amount of seed. He makes up the rotation of crops and the kind of stock he wants. The tenanth farmer splits the cost 50-50. If the tenants don't follow Marvin's set farm plans he fires them and gets another.

SOFTBALL

Howard Felger: As a senior he did good behind the plate, had a good arm, and hit hard. His position is catcher.

Norbert Hartman: As a senior his second year on the team, has a mighty left wing and can smack that ball. His position is 1st. base.

Richard Felger: A junior tries hard to out do his twin brother, is fast on his feet, he also can meet that ball. His position is 2nd. base.

Robert Felger: A junior played third base, was a infielder who was always trying. He was a good hitter and will help a lot next year.

Robert Kurtz: This senior played shortstop and was one of the leading hitters on the team. He also kept the team alive and going strong.

Karl Schaefer: A senior was the big man on the team and also a good hitter. He really could put the old curve in there. His position is pitcher.

Kent Swihart: A good outfielder when he's on his toes and a promising hitter, should be outstanding fielder next year. His position is right field.

Norm Elkins: Missed most of the season, but his great fielding and hitting helped out when we needed it most.

James Eastman: A brilliant left fielder and hitter, saved a lot of hits in left field. He is a senior and his fourth year on the team.

Dwight Bridge: Is a junior, this is his third year on the team, he is a promising pitcher if he can get his control.

Fred Clifford: Is a sophomore and is trying hard to make the Aces a good catcher.

Larry Gifford: Is a sophomore his position is second base and he is a promising hitter.

BASKETBALL

George Bojrab- Has a good long shot and can drive in for good shots. Is one of the leading scorers on the team, the leading foul shooter. He is a Junior and should be better next season.

Dwight Bridge- The leading scorer on the team, gets a lot of rebounds for his height, is good on defense and has a good long one-handed shot. He is a Junior and this is his second year on the team.

Kent Swihart- Stands at a good height, can bring the ball in and work it, has drive, can hit the basket and will also be with the team next year.

Norm Elkins- Is a good faker, a good hitter, and he also can handle the ball under the basket. He is a Junior also and is going to be in there fighting for the Aces next year.

Richard Felger- One of the red heads on the team, plays a forward and has a lot of fight under the basket. He is a Junior and will be back next year, with every thing he's got.

Robert Felger- The other redhead on the team. He also plays forward and has a lot of fight. He has power and drive under the basket and never gives up. He'll be back next year too.

Norbert Hartman- He played a guard and was always in there fighting. He had a good left handed shot and could come through when points were needed. He is a Senior and this is his last year.

Don Stahlut- Is the smallest man on the team, he plays guard and has a lot of fight. He was a good ball handler and should help a lot next year with this years experience. He is a Junior.

Melvin Schaefer- The biggest man on the team and only a sophomore, Has a good eye for the basket and can get his share of the rebounds, he should become one of the leading scorers in several years.

COACHES

Mr. Stopps- Who is the coach, did a good job in training his team's this year and doing the best with what he had.

Mr. Lator- Was an able assistant and coached the reserve team most of the time, and did a very fine job.

Pat Prestor, Jean Fick, Jo Redwanski. Are all Juniors this is their second year as Yell Leaders for the Aces. They did a very good job cheering the team through thick and thin. We all hope that they are cheering them on to more victories next year.

BASKETBALL- CONT.

Dwight Bridge- I believe that we will have a very good team next year, if all the players work and play.

George Bojrab-"I quote" We can go far if we all work together as a team and not as individuals. "Unquote"

Norm Elkins- If Arcola 's basketball team ever go anywhere this is the group of boys that can do it. I honestly feel that we can do it. If we put our minds to it.

Richard Felger- I think we can have the best team in the county if we all play together and if nothing else happens. Woodburn and Elmhurst should give Arcola a good win also.

Robert Felger- I think we could win the county next year if we all play together and have enough confidence in ourselves and keep in training.

Don Staulhut- I think we will have a good team if we all work hard, train and play together as a team.

Mike Schaefer- I think we can have one of the best teams in the county if we all play together and if we all work hard.

Norbert Hartman- The team looks good, and if they keep up their team spirit they will go far in the 1952-53 basketball season.

Kent Swihart Well! I haven't got much to say but, I hope all the team work, fight hard and well with one another.

Coach Elden Stoops- The prospects look good for the coming year, if we can keep the boys in school and keep them up in their work, we will be powerful and will have lots of fight. But we still lack the main thing of height which would help us very much.

Asst. Coach Leo Laier- All we need is "ONE TALL BOY"

CLASS 'T'OURNEY

The class tourney was held March 7. With the Seniors playing the Sophomores and the Freshmen playing the Juniors. The first game was between the Seniors and the Sophomores with the Seniors winning 24--23. The Sophomores took an early lead and it wasn't until late in the game that the Seniors could get going and finally overtake the Sophomores.

The second game was between the Juniors and Freshmen with the Juniors winning by an easy margin.

In the final game at the start it looked like it was going to be close. But the Juniors who had played all year and were in better shape than the Seniors kept going and they got tired and the Juniors rolled to an easy victory. With the high light of the game being a technical foul shot which was made by the Active Captain. "Doc. Goble.

Jr. HIGH

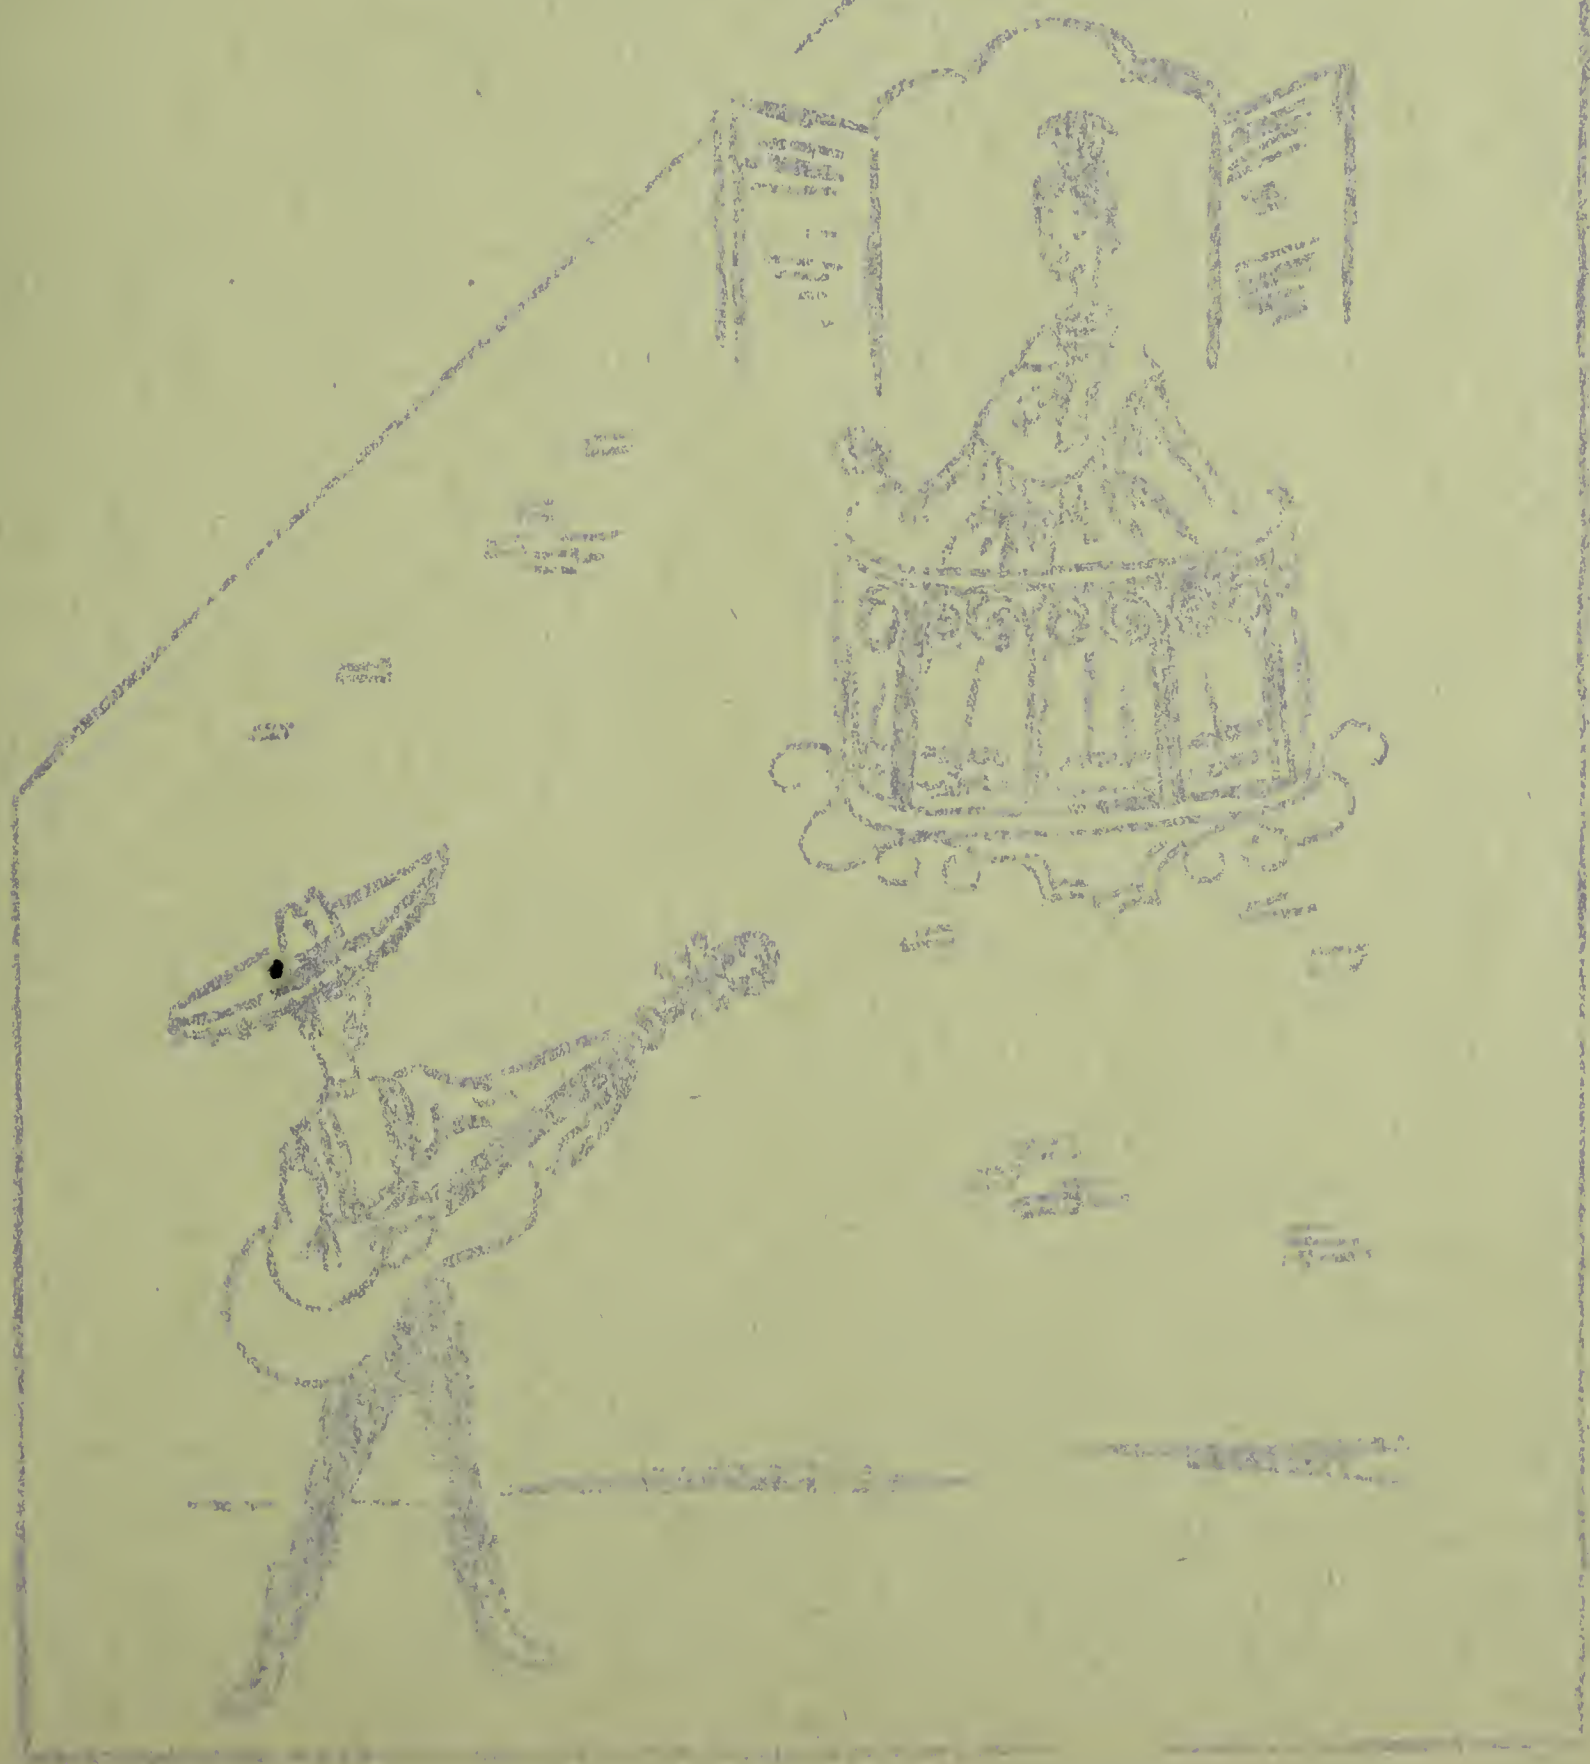

Since this was the first real try to make a Junior high school basketball team, and believe-you-me Mr. Jarrett had all he wanted to do, trying to get a good team out of the 7th and 8th grade boys. One thing is that these boys seem not to have done, is grown. They need height and they need it bad. I think this is a good thing in the way that it gives them a little experience for the future.

STUDENT COUNCIL & BAND

The purposes of the student council are to promote school activities, develop general welfare of the student body, and to make the school a happy place for mental, moral, and physical development of the student body.

The student council is composed of one representative from each class (grades 7-12) and the president of each class. The 1951-1952 officers of the student council are President, Virginia Coleman; Vice President, Marcella Andrew; Secretary-Treasurer, Doris Auld.

The student council is responsible for the election of yell leaders noon activities, and a student handbook which will come out in the fall of 1952.

The faculty adviser is Mr. Stoops. Who attends the council meetings and supervises the activities of the student council.

The only officer of band is President and that position is held by Anita Schneider.

The band members are as follows according to the instrument they play.

Flute-Janice Hyser. Clarinet-Dorothy Andrew-Margie Ford and Anita Schneider. Alto Clarinet--Larry Brandon. Saxophone-Marcia Schmedder. Cornet-Virginia Coleman, Leslie Motz, Carol Graham, Nancy Todd and Lois Ramseier. Playing the French horn we have Marcella Andrew and Shirley Loyer. Baritone-Mary Andrew, Beatrice Nitz. Tuba-Bob Ramseier and Frank-Wagner. Percussion-Fay Dafforn, Hester Clouse, Ronald Dicke and Phyllip Garmeier.

Beginning members are Clarinets-Linda Shephard, Judy Moser, Marilyn Harman, Eunita La Foyor, Priscilla Furke and Beverly Cunningham. Trumpets-Carolyn DeBolt, Phyllis Stambaugh and Linda Kurtz. French horn-Bruce Wilt.

The award system is based on attendance at concerts, rehearsals, and for extra services performed by the individuals. Points are given as follows.

Concerts 10 pts. rehearsals 1 pt. extra rehearsals 5 pts. extra services 5 pts.

LIBRARY

This year our library has tried a different system. They^{try} to have someone in charge each period of the day. Our librarian, Mrs. Hurt, comes only on Tuesdays. There are ten girls helping in the library at the present time-They are Phyllis Conner, Virginia Coleman, Mary Koonz, Josephine Redwanski, Phyllis Lawson, Marianne Erickson, Myra Gifford, Donna Cox, Beverly Chastair, and Vivian Grim. Their job is to check out books, and magazines, give out library cards, and dust and straighten books and shelves. Miss White is supervisor of this group. Mr. Evans hopes that in the future years we may have more new books, a larger room, and our own librarian.

COMMUNITY

ARCOLA LION'S CLUB:

It has 48 active members. The elected officers are:
Elmer Burke.....president
Henry Gruetttert....1st vice president
Bob Schnyder.....2nd vice president
Homer Schipper.....3rd vice president
Robert Shave.....Secretary and Treasurer

The Lion's Club sponsored the community Halloween party at the school, October 31. In January they had the narrow bridge on U.S. Highway 30 clearly marked and warning signs posted. March the 13th and 14th they gave their annual minstrel show at the Arcola school. On March 17, they presented their show to the veterans.

ARCOLA'S P.T.A.

It meets every third Thursday of every month. The elected officers are:
Robert Hunt.....president
Mrs. Dwight Davis..sec. and treas.
Mr. Cutshall.....program organizer

They have an executive board that meets on the 2nd Tuesday of every month.

They have room mothers, two mothers for each grade. Mrs. Lydy is chairman of the room mothers. Their job is to serve refreshments at the meetings.

They sponsored the Christmas programs at the school. On February 21st they sponsored "Back to School" night for the parents of the students. They are having a scrap drive to raise the funds of their treasury.

The Arcola P.T.A. is an active part of the Allen County P.T.A. Council.

The FFA Motto is Learning to do
Doing to Learn
Learning to live
Living to earn

The primary aim of the FFA is to develop
agriculture leadership; co-operation and citizenship

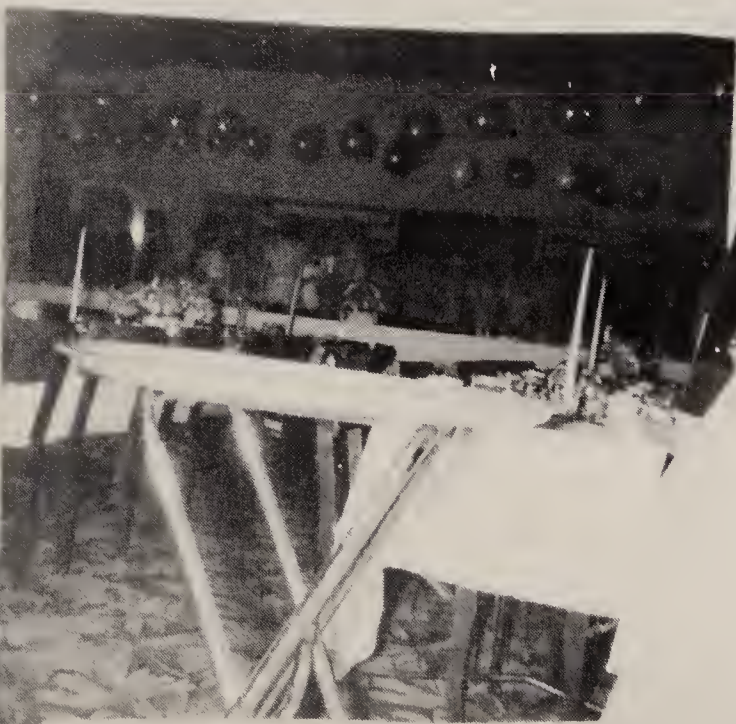

Officers

President	Marvin Hitzeman
Vice President	Howard Folger
Secretary	Melvin Scheafer
Treasury	Donald Stahlhut
Rep.	Bruce Swihart
Sentinal	George Bojrab

The past year the FFA has been taking care
of an orchard from which they made about dollars
profit. They sold the apples by the bushel and
apple cider.

The FFA also has some gilts which they give
to a member and he has to give them back 2 gilts
out of the gilts litter.

The FFA was started in 1947 and has come along
way since then. The FFA hold a father and son
banquet every year.
